

## Riaz Shahid

Executive Committee Member

A seasoned professional with over three decades of experience in the logistics and transportation sector, Mr. Riaz Shahid represents the third generation of his family's successful business legacy. With a vision for innovation and service excellence, he has played a pivotal role in expanding and modernizing his family's enterprises. His leadership reflects a deep understanding of industry challenges and a commitment to fostering sustainable growth in Pakistan's logistics landscape.

### Professional Journey

Mr. Raiz Shahid embarked on his professional journey by joining the family business at an early age, proudly continuing a three-generation legacy in logistics and transportation. Over the years, he expanded and modernized the operations under Khan Mushtarka Goods Transport Company, HR Logistics, and Khan Mushtarka Freight System, transforming them into trusted names in the sector. Through his strategic vision and leadership, he established strong partnerships with traders, importers, and exporters, ensuring efficient, reliable, and timely transport solutions. His extensive experience in managing large-scale logistics operations across diverse industries reflects his deep understanding of supply chain dynamics and commitment to operational excellence.

### Achievements

- Successfully expanded business operations nationwide with a reputation for reliability and efficiency.
- Introduced modern logistics practices and operational innovations in fleet management.
- Strengthened industry relations through continuous engagement with key stakeholders.
- Recognized for over 30 years of service and leadership in Pakistan's logistics and freight sector.

### Affiliations

- Vice President, Pakistan Transport Association (PTA) – serving since 1992.
- Active Member, Pakistan International Freight Forwarders Association (PIFFA)
- Member, International Federation of Freight Forwarders Associations (FIATA).
- Contributor to various committees on welfare, education, and youth skill development.
